

Mayhew offers way to prevent heartbreak over lost pets

Cheap half price deals at vet clinic means bargain pet safety

London - The Mayhew Animal Home in Kensal Green has a Community Veterinary Clinic onsite at the rescue centre and is offering over **50% off** on microchipping fees for the whole of June 2010!

June 2010 is National Microchipping Month so to promote the message of responsible pet ownership clients at The Mayhew vet clinic will pay only £9 instead of £20 to get their cat or dog microchipped.

A microchip is a small identification device about the size of a large grain of rice which is implanted under the skin of your pet in a quick, easy and pain-free way.

Mayhew CEO, Caroline Yates, said: *"If your pet gets lost or stolen then animal shelters and vets can scan your pet for the microchip and get all your contact detail immediately. This means pet owners can be quickly and efficiently reunited with their cat or dog with minimum distress to you both."*

"When microchipped animals arrive at The Mayhew then we can get in touch with their owners in no time and the relief of owners who we contact is unbelievable. When pets get lost or wander from home it can be an utterly heartbreaking time and a five minute appointment for Mayhew vets to fit a microchip can save many tears in the long run. A collar can be removed or lost – a microchip is with your pet for life."

Why wait? Book an appointment now on 020 8969 0178

For the Editor

The Mayhew Animal Home was established in 1886 for the benefit of "the lost and starving dogs and cats of London so that they should have sanctuary from the cold inhumanity they are being dealt outside". Today, The Mayhew is one of the busiest animal sanctuaries in London, rescuing thousands of animals from cruelty and neglect each year. We provide shelter and care for cats, dogs, rabbits and when the need arises, for a wide variety of other animals.

The Mayhew Animal Home strives to tackle the companion animal welfare crisis from every possible angle. The organisation is pro-active, innovative and continually works to assist animals and their carers. The Mayhew offers a wide variety of community services providing advice, care and assistance to animals and their carers whatever their circumstances.
