

The Mayhew Animal Home

Annual Report 2008

Our Mission

We believe that animals, as living creatures, are entitled to legal protection, moral and ethical consideration and have a value beyond economic measure.

At The Mayhew we

- **take in and care for unwanted and abused animals and re-home them with responsible, caring owners**
- **ensure that no healthy animal in our care is ever put to sleep**
- **prevent unwanted animals through our neutering and outreach programmes**
- **promote respect and compassion for animals through our activities, campaigns and education programmes**
